

## Local Society monitoring and Evaluation Report

The Local society institutions were granted 12,000 \$ Within the "village decides" program during the open meeting which was held by Dalia Association on 31.10.2009 at Al-Zawya village. It is worth mentioning that 9 institutions attended the meeting. The local society awarded the grant to four active and effective institutions.

\* The total amount was distributed to the institutions basing on local society vote:

(1)	(2)	(3)	(4)
<b>Abdul Qader Abu Naba'a cultural Center</b>	<b>Al-Zawya Women's Charity Association</b>	<b>Al-Zawya Youth Sports Club</b>	<b>Sanabel Al-Balad Cultural Women Center</b>
<b>4018\$</b>	<b>2974\$</b>	<b>2574\$</b>	<b>2083\$</b>

\* On the basis of this result Dalia Association gave the four institutions enough opportunity to select projects according to their priorities. To follow up this matter a committee was formed to monitor these projects. The committee was as follows:

(1)	(2)	(3)	(4)	(5)	(6)
Marwan Hamed	Adnan Ali Mosleh	Fawaz Abu Naba'a	Nada Asa'd	Shaker Abdul Haq	A'atef Yousef

The committee was reduced to four members, because A'atef Yousef was arrested; and Shaker Abdul Haq apologized for special circumstances.

Dalia followed up the implementation of the projects in these institutions and guided them continuously. Also, members from Dalia visited these institutions to follow up their achievements. Moreover, Dalia was cooperative and had positive attitude toward these institutions.

The “village decides” aimed at investing resources. Also, it played a big role in activating the local society to accept it, which was reflected through :

1. The Fantastic way that Dalia followed to activate and involve the local society by delivering invitations (schools, mosques, institutions, workers whether males or females).
2. Distributing the grant honestly without bias. In other words the local society distributed the grants to the institutions depending on their roles and effectiveness in the local society.
3. The way of choosing the monitoring committee: it was at the absolute desire of the members of the institutions. Besides, Dalia guidance and follow up for this committee was distinguished and admirable.
4. The absolute transparency and honesty of Dalia Association is obvious. Therefore, Dalia was interested in involving the local society in monitoring the bills.

**The drawbacks of the institutions from the monitoring committee point of view:**

1. **Al-Zawya Women's Association:** The studio is not air-conditioned; weak advertising; delay in repairing the camera.
2. **Abdulqader Abu Naba'a Cultural Center :** the center is full of things because they do not have a store. The municipality promised to build a store, but they haven't built it yet.
3. **Youth Leadership Club:** Sanitation units are not available until now, because the building is in progress.
